

THE MATH EQUALIZER

Quadrilaterals

Rectangle

Square

Parallelogram

Trapezoid

Polygons

Pentagon

Hexagon

Octagon

Perimeter (fencing)

Add all the sides.

Think of a fence around the yard.

$$4 \text{ ft.} + 10 \text{ ft.} + 4 \text{ ft.} + 10 \text{ ft.} = 28 \text{ ft.}$$

Area (carpeting)

Length x Width

Think of the carpet in a room.

$$4 \text{ ft.} \times 10 \text{ ft.} = 40 \text{ square feet}$$
